EDUCATION
University of Wisconsin, *Madison, WI*   Graduating: December 2021
Bachelor of Arts in Communication Arts
- Member of Delta Upsilon Fraternity

TECHNICAL SKILLS
- JavaScript
- jQuery
- HTML
- CSS
- Bootstrap
- Java
- Microsoft Excel

PROJECTS
Yoda Speaks Quiz
- This is a quiz game that asks for information from the user and gives them a phrase that Yoda might say in response to their input. We used HTML, CSS, Bootstrap, vanilla JavaScript, jQuery, and three third party APIs. We dynamically created elements of the HTML as well.
- https://masonweiner.github.io/Yoda_Speak_Quiz/

Work Day Scheduler
- This is a daily calendar that a user can put in a task or appointment at a certain time, save it to local storage, and go back and look at it again later. I used JavaScript, jQuery, CSS, and HTML to complete this.
- https://masonweiner.github.io/workday-scheduler/

Password Generator
- This is an app that prompts the user with questions about what they would like to include in a password, then returns them a response that follows their guidelines. I used HTML, CSS, and vanilla JavaScript to create it.
